

The Department of Ophthalmology at Mayo Clinic Rochester is seeking a fellowship-trained ophthalmologist to join our established practice. The department has 31 members who cover all subspecialty areas of ophthalmology. The position would involve clinical care of patients and resident teaching. Candidates should have a strong academic interest in clinical and/or laboratory research; start-up support is available for early stage investigators. Fellowship training in neuro-ophthalmology is required. Candidates should be board certified or board eligible. Mayo Clinic is a non-profit, physician-led, multi-specialty clinical practice integrated with education and research in a unified, multi-campus environment. The Department of Ophthalmology at Mayo Clinic in Rochester, MN provides services for more than 80,000 patients per year. Both inpatient and outpatient facilities are state-of-the-art and you will have access to leading-edge procedures and equipment. To learn more about Mayo Clinic and Rochester, MN visit www.mayoclinic.org.

Salary will be determined based on experience. There is an attractive benefits package. Interested applicants should submit a CV and letter of interest to:
