

INTERNATIONAL RELATIONS COMMITTEE

NANOS is a global society

The International Relations Committee (IRC) is a formal liaison between NANOS and its international members

Current activities

- Helping members from across the globe connect with NANOS
- Creating a web page within NANOS for international members
- Drafting and translating NANOS patient information sheets
- Coordinating optional symposium at the NANOS annual meeting highlighting our international members' expertise
- Supporting and advising on NANOS badged symposia at international conferences

Current IRC members

- Chair: Clare Fraser, Australia
- Vice-chair: Mario Perez-Rueda, Columbia
- Arm officer: Peter Quiros
- Patient education liaison: Kevin Lai
- Susan Mollan – IRC board rep, UK
- Faycal Mokhtari, France
- Mario Monteiro, Brazil
- Hadas Stiebel-Kalish, Israel
- An-Guor Wang, Taiwan
- Eliecer Arosemena, Panama
- Richard Blanch, UK
- Steffen Hamann, Denmark
- Carmen Chan, Hong Kong
- Medhi Tavakoli, USA
- Laura Bonelli, USA
- Karl Golnik, USA
- Sangeeta Khanna, USA

International borders are open across the world and with more of us having the confidence and travel again, it is time look for new conferences and reasons to connect with old and new friends. Therefore, we focus our poster on different international conferences and teaching efforts planned for 2023. We hope you can come and visit our hometowns in person.

Help US to represent YOU!
