ACCREDITATION STATEMENT

This activity has been planned and implemented in accordance with the accreditation requirements and policies of the Accreditation Council for Continuing Medical Education (ACCME) through the joint providership of The Columbia University Vagelos College of Physicians and Surgeons and The American Society of Ophthalmic Trauma. The Columbia University Vagelos College of Physicians and Surgeons is accredited by the ACCME to provide continuing medical education for physicians.

AMA CREDIT DESIGNATION STATEMENT

The Columbia University Vagelos College of Physicians and Surgeons designates this live activity for a maximum of *5.0 AMA PRA Category 1 Credits™*. Physicians should claim only the credit commensurate with the extent of their participation in the activity

MEETING LOCATION

This event will take place online.

All times listed on the agenda are in Eastern Daylight Time. Please make sure you adjust for your time zone so that you do not miss any sessions!

PROGRAM DESCRIPTION & OBJECTIVES

Ophthalmic trauma is a leading cause of unilateral blindness in the United States with a devastating impact on both individuals and society. Currently, there is no dedicated conference to ophthalmic trauma in the United States, and the American Society of Ophthalmic Trauma, Annual Meeting fills a critical gap in education for medical students, residents, fellows and ophthalmologists of all subspecialties in both private and academic practices.

At the conclusion of this activity, participants will be better able to:

- Formulate an evidence-based approach to ophthalmic trauma management
- Describe the up-to-date clinical diagnosis and treatment of ophthalmic trauma in open-globe injuries, anterior and posterior segment management of complications of open-globe injuries, diagnosis and management of orbital and adnexal injuries, and unique characteristics of pediatric ophthalmic injuries
- Indicate the cutting-edge scientific discoveries in ophthalmic trauma management

ABSTRACT SUBMISSION GUIDELINES

Abstracts of original work may be submitted for paper, case, and video presentations. Please note that previously published abstracts may be submitted for consideration. A limited number of abstracts will be selected for oral presentation. All suitable abstracts will be invited to submit an E-poster.

INSTRUCTIONS

The abstract must be in the form of a Microsoft® Word Document (preferred) or in Adobe® portable document format (PDF) with the following specifications:

- **ONE PAGE ONLY** 8.5"x11" with 1" margins on all sides.
- **FONT** Times New Roman, 12 point.
- **TITLE** Centered, Bold, Title case.
- **AUTHORS** Centered. Last name followed by first and middle initials only (without comma or periods—as on PubMed). Degree (MD, RN, RRT, PhD) may be included. Names separated by a comma with a period at the end (as on PubMed).
- **AFFILIATION** Centered. Include Department(s), University/Hospital, City, State/Province. Use standard abbreviations where applicable.
- **ABSTRACT** Include four sections: Introduction, Methods, Results, and Conclusions. Case reports should include three sections: Introduction, Report, and Conclusion. Start each section on a different line with the title in boldface followed by a semicolon. There is a maximal 300 words per abstract.
- **VIDEO ABSTRACT** Please submit an MP4 file of 2-4 minutes in length and include an unstructured abstract of under 200 words.

Submissions that do not conform to these specifications will be rejected.

Abstracts must be received by April 9, 2021, 5:00 p.m. EDT. All notifications will be sent on **April 19, 2021**.
